

iPod® Adapter Information

For Model: **iR30**

This system includes 5 different adapters designed to allow you to securely connect any “dockable” iPod® model to the docking station. Refer to the chart below to select the proper adapter for your particular iPod® model and insert that adapter into the docking station before connecting your iPod®.

NOTE: No adapters are provided for the 5G (fifth generation) 30GB and 60GB iPod®s with video capability. Please use the adapters that were included with these iPod®s at time of purchase. They will fit properly into the docking station of this system.

We have also included one flat adapter with no opening at all. This serves as a dust cover that can be inserted in the docking station if no iPod® will be connected to system for an extended period of time.
